## From the Librarian...

### THE LIBRARY HAS MOVED BACK!!

AAAH, HOME AGAIN!

We're back!!—The Library has returned to our familiar stone structure. After three months at a temporary location while renovations were done, the Library reopened at the regular location on June 23. The Library is once again located at 39 South Main Street. The floor/ceiling between the first and second floor is refurbished and strengthened and we're happy to be "home." Come in and visit the "new" library. Thanks to everyone for their patience during the renovation work and also to the many patrons who visited us in our temporary quarters.

What a job! Moving, then moving again. Thanks to everyone who helped with our dual moves. There was a lot of preparation work for the move out—and then again for the move in— especially packing, moving and then reshelving - twice - all the books. The volunteers were greatly appreciated.

Please stop at the library to see the new children's shelving, new paint and carpet. The main reason we were closed is not visible to the eye as new beams were installed between the two levels. The new floor and the ceiling now cover the major part of the renovation.

As always, the library needs financial support. The community's generosity is greatly appreciated and is used to maintain Library services for everyone. Please consider making your federal tax deductible contribution to your local public library.

# Raise \$5, Spend \$5 and Do It Again...

The Library needs your financial help. The Library has to raise \$5 per person and spend \$5 per person each and every year. This past year we were short on the raising part. That's where you come in. Please consider a donation or increasing your donation.

Municipalities do donate money to the library, but not more than \$3 per person. That leaves a shortage of funding that has to be made up through fine collection and other fees plus donations from the community and the Friends of the Library.

Just think—no local community library means no interlibrary loan, no "Access Pennsylvania," or "Power Library" to name just a few of the most heavily used services. Your local community library needs funding to continue to provide library service.
